

You may use the Wild Animal Sanctuary web site without disclosing personally identifiable information. We want to be clear that we will not obtain such information about you unless you choose to submit it to us. We have taken reasonable steps to ensure the integrity and confidentiality of personally identifiable information that you may provide. We do not sell or exchange our donor information with anyone. You should understand, however, that electronic transmissions via the internet are not necessarily secure from interception and so we cannot guarantee the security or confidentiality of such transmissions.

In order to process a gift to the Sanctuary, some of your personal information is mandatory and is indicated by the asterisk next to specific queries on our online giving form. The contact information you provide will be used to enable your credit card donation to be successfully processed and to send you sanctuary publications to keep you informed throughout the year. Donors who wish to remain anonymous may specify this in the on-line form. The web server of the TWAS web site collects and saves the default information customarily logged by World Wide Web server software. Our logs contain the following information for each request: date and time, originating IP address and domain name (the unique address assigned to your internet service provider's computer that connects to the internet), object requested, and completion status of the request. We use these logs to help improve our service by evaluating the "traffic" to our site in terms of number of unique visitors, level of demand, most popular page requests, and types of errors. These logs may be kept for an indefinite amount of time, used at any time and in any way necessary to prevent security breaches and to ensure the integrity of the data on our servers.

Once again we appreciate your generosity and assure you The Wild Animal Sanctuary ensures your privacy and respects your personal information. If you have any questions please call us at 303-536-0118.
